LOS ANGELES COUNTY POPULATION

LOS ANGELES COUNTY AGE GROUPS

The 1960 Cesus disclosed several interesting facts about the age composition of Los Angeles County. Among these were the following:

1. The County instead of having an abnormally high percentage of senior citizens as many had assumed, actually has approximately the same proportion of persons 65 and over as does the nation. However, this age group had the second fastest rate of growth in the County, increasing 46.6% during the last decade.

2. There are proportionately more persons in the 35-64 age group in Los Angeles County than within the similar age groups either in California or the United States.

3. Although the 19 and under group was the fastest growing in the County, increasing 968,859 or 82.8% during 1950-60, they represent a smaller percentage of the total County population than does the similar age group in either the state or nation.

The following table summarizes these relationships.

INCORPORATIONS

Since the publication of Bulletin No. 73, two communities, Bell Gardens and Hidden Hills, incorporated to raise the total number of cities in the County to 73.

On the day of incorporation, August 1, 1961, the Commission estimates that Bell Gardens contained 9,108 dwelling units and a population of 27,500. Located in the South East Statistical Area, the new city has been designated S. A. 32.11.

Hidden Hills became a city on October 19, 1961. Located west of Los Angeles City and north of the Ventura Freeway, it is not shown in this issue, but will be carried in the next Bulletin as S. A. 5.2.

ADJUSTMENTS

During the quarter an intensive review of the 1960 Census factors revealed that incorrect factors were being used for S. A. 32.10, Cudahy City. The downward revision shown in this Statistical Area reflects this correction and should not be interpreted as a sudden population loss.

Although the large inhabited annexations to El Monte City (S. A. 12.1) appear on the map below, the necessary field surveys to credit the city with the dwelling units and population annexed have not been completed. They will appear in the next Bulletin.

The transfer of 358 dwelling units from S. A. 7.51 to S. A. 25.5, San Dimas City, was made to correct the misassignment of enumeration district totals and should not be attributed to increased building activity.
